

## Dommer presentasjon Mr. Piet Roosenboom

I was born in 1942 in the Netherlands and have grown up with dogs, mostly Belgian-German shepherds. I married in 1963 and lived in Belgium (8 km south from my birthplace, just across the border) In that time shepherds were sharper and with the birth of my Children in 1965 I decided to buy my first "child friendly" Boxer.

I was so impressed about this breed that I breed that I started my first litter in 1972, with another female Boxer.

I bought my first Bulldog in 1980 and breed one litter a year. This came with great results, several Group wins and three Best in Shows with both breeds. Most of my female puppies went to other breeders.

I also worked with my Boxers with great results in the National- and International programs. My first National judging in took place 1984 and in 1988 I had my first International show, I stopped breeding in 1992 because it wasn't a good combination with judging.

A dog of my last litter won GermanJahreSieger93, Champ. "Percival After Tacha" I.P.O.3, son of Ch. Rufus van de Houtrib and Ch. Jessica After Tacha I.P.O.2. My biggest interests now lay with the "Mollossers"

I'm the Group judge of the second Group and 75 Breeds and I judged around 35 times every year in America, Australia, Indonesia, Israel, Scandinavia and most of the European Countries, with European and World Championships.

In total I already judged 758 times and I enjoyed them all. I hope you do too.

I wish all exposants and supporters a successful and enjoyable week-end.

Piet Roosenboom
